

University of Bath International Foundation Year Minimum academic entry qualifications

This information should be taken only as a guide. We receive a large number of applications each year, so meeting the minimum entry requirements does not guarantee an offer of a place on the programme. If your country is not listed here, please send your academic qualifications and certificates with your application and we will assess them for you.

Please note, all students must have maths at the equivalent of GCSE grade C/grade 4

Country	Minimum academic requirement	For IFY pathways and target degree courses where Maths is an essential subject	For IFY pathways and target degree courses which require a minimum Maths GCSE requirement
