

Access (Database) Level 2 CLAIT+

Course Type: Part Time Qualifications

Level: 2

Duration: 10 weeks

Location: City Centre Campus

Databases are widely used tools in modern offices today and this course will enable you to learn substantial skills and provide efficient office support. This course is offered at two levels. Beginners: you will learn skills varying from table creation, use of queries, editing and inputting data into new and existing tables. Advanced: you will learn about formula creation within a query, how to produce reports and labels and format the design of them once produced.

What topics are covered?

You will learn basic database skills including:

- Creating data tables.
- Editing and inputting data into new and existing tables.
- Creating queries and producing reports.
