

Roots to Work: Developing Skills Through Enterprise

Course Type: Adult Community Learning

Location: City Centre Campus

This free 9 week course is a fun mix of classroom and practical based sessions, where you will be given all the skills and support to develop, market and sell a range of plants to the public.

This course will help you to understand your strengths, learn new skills, identify opportunities and help you develop your potential.

You will be supported throughout the process to ensure that you receive the necessary help and training to succeed in this task. To do this effectively you will work as part of a small team and learn about business planning, marketing, IT, budgeting, customer service as well as developing practical gardening skills.

Where can I find out more information?
